## THE BOMB DISPOSAL CHARITY FOR THE ENTIRE EOD & SEARCH COMMUNITY

Since 2011

## Why Felix Fund?

Felix Fund is a small military charity, which means we can give niche support to our community.

The decision can be made to help someone in need and the money can be in their account in a matter of hours if necessary.

Felix Fund - the bomb disposal charity is here to help any military personnel from across all three services as well as SO15 (Metropolitan Police Counter Terrorism Unit), who have conducted or assisted with Explosive Ordnance Disposal (EOD) and Search duties. We provide welfare support and financial assistance to serving personnel, veterans and their dependents.

## Becoming a Corporate Partner

Felix Fund Corporate Partnerships bring many benefits not only to the charity but also to the companies involved.

## Where Your Money Goes

Your support will go towards a particular need, be it a specialist wheelchair, sports equipment, home adaptations or Felix Fund's preventative stress training.

Felix Fund's Dashboard programme delivers preventative stress training based on mindfulness and provides individuals with the tools and techniques to recognise warning signs of stress and to be able to develop their ability to relax, clear their minds and focus on positive aspects of their life. This will then feedback into a more productive and positive work and home environment.

*"My life has honestly changed. I have no built-up anger and can communicate with my wife without arguments. I am far more considerate of others. It has made such a difference."*

*"This is the only course I have ever attended where I paid full attention throughout. No heavy eyelids in the afternoon for the only time in my life!! Thank you for this it has made the world of difference to me and my family."*

Felix Fund also offers financial assistance to serving personnel, veterans and their dependents, when they find themselves in times of need. This help is wide ranging from hydrotherapy treatment for a former soldier suffering from PTSD and sleep deprivation, a specially adapted buggy for the disabled son of a serving soldier to enable him to start school and go out with his family, and sporting equipment for two former Sappers to enable them to train for and compete in the Invictus Games.
